FIFTH ANNIVERSARY

This anniversary volume of the Association for the Teaching of Spanish in Higher Education in the United Kingdom is a compilation of contributions made by members and delegates at the 2019 ELEUK annual conference held at the University of Edinburgh.

Throughout the book, authors share their teaching, assessment, and research practice in the area of Spanish Language Teaching (SLT). From strategies to enhance student engagement and foster student agency to reflections on language teaching practice from diverse angles, these nine short papers contribute to current debates around foreign language pedagogy, with a focus on teaching Spanish in the higher education context.
